

NORWEGIAN HULL CLUB

General Average (GA) Disbursement

"That which has been sacrificed for the benefit of all shall be made good by the contribution of all."

As contributory values to GA are assessed at the completion of the voyage, there is a possibility that these values are reduced or lost if further loss or damage to the ship or cargo occurs between leaving the port of refuge and reaching the final destination. This insurance covers the potential shortfall.

Norwegian Hull Club is well positioned with the required competence, capacity, flexibility and efficiency of handling to be a preferred provider of GA Disbursements insurance, also in cases where the claims lead is placed elsewhere. Norwegian Hull Club aims to be the world leading provider of GA related insurance products for all interests involved in the maritime adventure.
